

An Adoption Miracle: Meet the DeLeon Family

We were thrilled to receive the message below from the DeLeon family, one of three families awarded an adoption grant from The Elpis Children's Foundation.

"Dear Essandohs, We received the call on October 2nd that we matched with our birth mother. Our daughter was born October 1st. The last week and a half has been a whirlwind. We just returned home with our 4th Musketeer. Thank you for your encouragement and assistance. We are overjoyed." ~ The DeLeons

The Elpis Children's Foundation's amazing community truly embodies the spirit of spreading joy and hope. Let's keep this positive momentum going—together. Your donations help us transform lives just like the DeLeon family. Thank you for your unwavering support.

OUR MISSION

To encourage and support Black families in pursuing private adoption in the United States and financially support nonprofit organizations that serve orphaned, needy, and abandoned children in the Republic of Ghana.
